# 6TH INTERNATIONAL TIMISOARA INTERDESIGN EVENT 2026

Organized by the Faculty of Arts and Design Timisoara

## OPEN CALL FOR PARTICIPATION

Dear Participants,

We are pleased to announce that the application process for the International INTERDESIGN Exhibition 2026 has officially begun.

Let us work together to create another successful edition!

Theme: BEYOND BOUNDARIES - Exploring the Future Beyond Limits!

INTERDESIGN 2026 invites designers to imagine and create innovative and visionary solutions that go beyond today's limitations. This concept encourages a balance between creative and pragmatic thinking, where design becomes a strategic tool to enhance user experience and add social, cultural, and environmental value.

"Beyond Boundaries" represents the courage to experiment, take risks, and explore new perspectives by connecting technology, science, art, and culture. The goal is to develop functional, aesthetic, and sustainable solutions that improve people's lives and our environment.

## About the Event
